

## NOT ONE

Modern and Effective  
War Vessel Will  
be Left

To Guard the Atlantic Coast  
Line

WHEN BIG FLEET LEAVES

A Retired Rear Admiral Points Out  
This Fact With Much  
Concern.

Washington, Sept. 4.—Speaking of the Atlantic seaboard's lack of protection after the fleet's departure in December, a retired rear admiral, pointed with concern today to the fact that there will not be left on the entire Atlantic coast one modern, effective war vessel. There will remain three old battleships, two in reserve and the third out of commission, some half dozen old second and third class cruisers most of them in reserve or out of commission, a few obsolete monitors and nearly a score of old type torpedo boats and destroyers. The only exception will be some half dozen effective submarines, unless, as suggested, the submarines are sent with the second torpedo flotilla at the last moment.

The Atlantic fleet will consist, after the departure of "Bob" Evans' fleet, of the protected cruiser Des Moines, ten guns, 3,100 tons; converted cruiser Prairie, eight guns, 6,872 tons; gunboat Scorpion, eight guns, 850 tons; protected cruiser Tacoma, ten guns, 3,100 tons. In the seventh division will be: The converted cruiser Dixie, 8 guns, 6,145 tons; gunboat Dubuque, six guns, 1,985 tons; composite gunboat Marietta, six guns, 1,900 tons; gunboat Paducah, six guns, 1,985 tons.

Out of the fleet are the protected cruiser Olympia and the monitors Arkansas, Florida and Nevada, of the naval academy practice squadron, now out of commission at Annapolis; armored cruiser Brooklyn, and battleship Texas, in reserve, at the Jamestown Exposition; battleship Indiana at League Island, and Iowa, at Norfolk, in reserve. Aside from these there are some half dozen vessels such as the Dolphin, Mayflower, Eagle, Sylph and Wasp.

## AGED HEROINE WAS CREMATED

New York, Sept. 4.—Tottering through the smoke filled hallways of a 98th street flat, warning the tenants of a fire in the basement, Mrs. Kate Aronowitz 80 years old was over come and burned to death early today. She might easily have escaped but for her efforts to save others. Women and children tumbled over the body of the old woman who had saved them, but in their eagerness to escape did not notice her.

## PANIC ON STEAMER

Gallipolis, O., Sept. 4.—The passenger steamer Henry M. Stanley crashed into the United States dredge boat Oswego at Gallipolis Island last night and sunk.

Twenty excursionists, mostly women, were panic stricken, but by heroic efforts of Captain William Carney and Purser Ellison they were quieted and many kept from jumping overboard. They were all finally landed.

## To Paint Edward's Portrait

Marienburg, Sept. 4.—King Edward has commissioned Mrs. Leslie Cotton, a portrait painter of New York, to paint his portrait. Two sittings already have been given and the results are most satisfactory.

## Increase of Wages

Pottsville, Pa., Sept. 4.—The Pine Hill Coal company, a subsidiary interest of the Pennsylvania Railroad company, which operates a colliery near Minersville, has granted its employees a 5 per cent increase in wages. About 750 men are affected.

At Bay City, Mich., the plant of W. D. Young & Co., manufacturers of hardwood maple flooring, was destroyed by fire. Loss \$75,000.

## POLICE TO MAKE IMPORTANT ARREST

Cleveland, Sept. 4.—The police expect before night to make an arrest in the murder of John J. Phillips, a prominent coal man, who was killed in his home early Labor Day. The police have entirely abandoned the theory of murder by a burglar, or of suicide, and are working along other lines. It is not expected that the arrest will be made prior to the funeral this afternoon.

Mrs. Phillips, widow of the murdered man, her adopted daughter and a niece, 12 years old, Ethel Clark, were examined by the police and the coroner late yesterday. According to the officials who conducted the examination, the testimony of the two was conflicting on some points. The police are making a careful search of the Phillips home and vicinity, hoping to find the revolver which killed Phillips. Dr. E. B. Rhodes who attended Phillips, testified today at the inquest, that, in his opinion, Phillips was shot as he lay in bed, and not on the landing, as told by Phillips before his death, and corroborated by the testimony of his wife. He said no blood was found on the floor at the landing or in the bedroom, which would be impossible if he had been shot on the landing.

## GENERAL PORTER WINS A VICTORY AT THE HAGUE

The Hague, Sept. 4.—General Horace Porter of the American delegation to the peace conference piloted his proposal for the collection of contractual debts through the committee of examination and at the conclusion of the meeting he was the recipient of many congratulations upon the success of his efforts. The importance of this American proposition, it is pointed out, lies in the principle which it establishes, the application of which may be very seldom. General Porter met all the objections raised with ready argument and finally brought all the countries represented into line with the single exception of Switzerland, which is neither a debtor nor a creditor nation.

## PAIR OF SCISSORS USED TO DESTROY VALUABLE PICTURE

Young Girl Arrested, Says She Did It  
Because She Wanted to Be  
Arrested.

Paris, Sept. 4.—Another valuable picture in the galleries of the Louvre has been partially destroyed. This is the third time within two months that paintings in the galleries have been wantonly damaged. The latest culprit was a girl, who with a pair of scissors cut the canvas of Ingres' masterpiece, "The Sixtine Chapel." She was at once apprehended, and explained that she had damaged the painting from a desire to be arrested. M. Bujardin Beaumetz, undersecretary of state for fine arts, postponed his departure for the Vatican on account of the occurrence, and summoned the custodian of the Louvre galleries and several high police officials to meet him in order to decide on some means to put an end to these deplorable acts of vandalism, which have become alarmingly frequent.

## HAS THIS MAYOR GONE CLEAN DAFT?

Oxford, Ohio, Sept. 4.—Mayor King, whose lid has become famous throughout the country, extended it again Tuesday.

This time he put his ban on marbles and instructed Marshal Overhultz to stop the game.

He holds that the boys lose their heads in the excitement of "playing for keeps," and learn to swear. Hence the game is stopped.

## MOORS MAKE ATTACK

Tangier, Sept. 4.—Eight Frenchmen were lost in an attack by Moors yesterday on Casablanca. The list includes Commander Provot and 11 of his men. Fears are entertained here for American missionaries who are known to have set out this week to come here from Fez.

Building construction in Havana, Cuba, is at a standstill because of a strike of masons who have demanded the payment of their wages in American money.

## TELEGRAPHERS WILL TAKE CASE BEFORE CONGRESS

AND HOPE TO ENLIST ALL LABOR  
UNIONS IN A COMBINED  
EFFORT

## TO SECURE LEGISLATION

Making It Unlawful for Railroad Oper-  
ators to Work More Than  
Eight Hours a Day.

New York, Sept. 4.—Plans are being made at telegraphers' union headquarters to carry the fight against the companies before Congress. The leaders hope to enlist the entire union labor elements in an effort for legislation in the operators' interests. The telegraphers believe the labor union vote is powerful enough to secure laws of general application, out designed specifically to aid the striking telegraphers. They will seek in particular to make it unlawful for a railroad telegrapher, to work more than eight hours daily, compelling the railroads to recruit another "shift" and creating an immediate demand for about 8000 operators.

Western Union and Postal officials repeating that the strike is over, say an eight hour law for railroad telegraphers would not affect them in the least.

## CHORUS GIRLS CAUSE MIDDIES DOWNFALL

Washington, Sept. 4.—The names of the four midshipmen whose dismissal from the naval academy was recently recommended by Supt. Badger, became known today. They are Joseph Elliot Austin of New York, first class; George Frederick Humbert of Pennsylvania, third class; Oscar C. Salb of Indiana, and C. C. Riner of Wyoming, fourth class.

Humbert is accused of having a substitute answer for him at roll call, that he might remain ashore all night during the recent cruise of the midshipmen, while in the vicinity of New London, Conn., and Bath, Me. While the exact nature of Austin's offense is not known, it pertained to his remaining away from ship over night.

Chorus girls are alleged to have induced Salb and Riner to over stay their leave.

**ARCHBISHOP'S FUNERAL.**  
Boston, Sept. 4.—All Boston is in mourning today for the late Archbishop John Joseph Williams, whose funeral was attended by high dignitaries of the Catholic church from all parts of the country.

The service, which has been in progress since Monday, culminated today, when the remains were laid to rest in the crypt at Holy Cross cathedral.

Solemn high mass was celebrated by Cardinal Gibbons. Archbishop Wm. H. O'Connell, the dead prelate's former coadjutor and successor, pronounced the eulogy.

## Penalizes Unoccupied Lands.

Bremen, Sept. 4.—The town council of Schonsberg, a suburb of Berlin, having 180,000 inhabitants, has adopted an ordinance providing that the owners of unoccupied land shall pay twice the amount of the taxes levied on occupied lands. Schonsberg is the largest German municipality to adopt this form of taxation, and it is considered probable that the municipalities of the other Berlin suburbs must follow the example of Schonsberg, as otherwise more than the proper proportion of capital will be invested in the Schonsberg suburb.

## DEATH OF E. H. GRIEG NOTED COMPOSER

Copenhagen, Sept. 4.—Edward Hagerup Grieg, the noted composer, died at his home in Bergen, Norway, today. Grieg was born in Bergen in 1843 of Scotch ancestry. He was the author of many literary works as well as a great composer.

## Quakes in Algeria.

Constantine, Algeria, Sept. 4.—Slight earthquake shocks are reported from the villages of Melonga, Kessabia and Benibmane. Several houses and mosques were either damaged or collapsed. One man was killed.

## Kaiser as Godfather.

Esse, Germany, Sept. 4.—Emperor William will act as godfather to the heir of Lieutenant Gustav and Frau Bertha Krupp von Bohlen und Helldorf, born Aug. 13 last.

## PRINCE HAS PRAISE FOR AMERICAN WOMEN

PRINCE WILHELM ON THE 20TH FLOOR OF THE PRINCE OF WELLS BUILDING.

MRS. JOHN ASPEGREN, HOSTESS TO THE PRINCE AT DINNER.

Many well known persons were present Thursday night at the dinner at Sherry's which Mr. and Mrs. John Aspegren of New York gave in honor of the prince. Mrs. Aspegren is the daughter of Mr. Daniel Bacon. Mr. Aspegren is vice president of the Swedish Chamber of Commerce.

In appointments the dinner was lavish and the decorations were a triumph of art. The Swedish minister proposed the health of the president, and Mr. Aspegren then gave the toast to King Oscar of Sweden and greeted the prince. In reply the distinguished guest made a pleasant after dinner speech in English.

"I give you my warmest thanks," said he, "and congratulations to you for Sweden's sake, for having conquered so lovely an American beauty." His glance rested first on the flowers before him and then upon his hostess.

## CHICAGO POLICE ARE SEARCHING FOR ALLEGED WOMAN DYNAMITER

Chicago, Sept. 4.—The police are searching the city for a mysterious woman dynamiter who with a male companion early today exploded a bomb in front of the show window of Stanley R. Graham, a merchant on North State street. The impact of the explosion was terrific, shattering the front of the building and wrecking the interior. Police found Albert Murray, a cab driver, who says

he took a couple to within a block of the place and was awaiting their return. They did not go back to the vehicle after the explosion. The detonation created a panic among the residents nearby. At the Virginia hotel many of the guests rushed from their rooms into the street.

State's Attorney Healey is endeavoring to connect the explosion with a series of outrages against the homes of gamblers.

## INCENDIARISM AND FIERCE RIOTING REIGNS SUPREME IN ANTWERP'S STREETS

Antwerp, Sept. 4.—With rioters in almost absolute control of the streets, incendiaries are doing their work unchecked, and revolver battles are occurring at frequent intervals. The foreign residents are appealing to their governments to protect them. The burgomaster has called out the civic guard today to quell the disorders incident to the dock laborers' strike.

Last night's turbulence was marked by the killing of a policeman and

the wounding of several children who were hit by chance shots. Attacks were made on the crews of several vessels in the harbor here. The wrecking of parts of the machinery of a steamship about to leave port with several non-unionists on board, the boarding of another steamship, and the maltreatment of its captain, the burning of a timber yard and several buildings, and numerous clashes between rioters and police, have been reported.

## WOMAN KILLED AS FEUD'S RESULT IN WEST VIRGINIA

Clarksburg, W. Va., Sept. 4.—Mrs. Fred Pickett, wife of the manager of the Bijou theater and a well-known woman, was shot through the heart and instantly killed, it is alleged, by Thomas Hannon of the firm of Hannon & Murray, saloonists. The shooting occurred on the front porch of the house where Mrs. Pickett was staying. Hannon immediately surrendered himself to the officers. A family feud of long standing is said to have been the cause of the crime.

## CHILD'S AWFUL DEATH.

Warren, Ohio, Sept. 4.—Falling into a bucket of hot scrubbing water in the kitchen, the eight months old daughter of Charles Kincaid was so badly scalded that she died in a few minutes. The child fell from the east to the bucket.

Bellevue, O., Sept. 4.—John Wormley, heavily armed, went to the bachelor home of Henry Parry near East Liberty last night and drove Parry out. He has since held the fort, resisting with a shower of shot every effort to drive him out. Wormley formerly worked for Parry and is believed to have become insane.

## A SECOND HOCH IS HOFFMAN SAY CHICAGO POLICE

New York, Sept. 4.—A second Johann Hoch, the police believe, has been discovered in Henry Hoffman, the burglar who was killed while attempting to rob Charles Varrell's flat. The police lately declared that Hoffman was the murderer of Sophy Hecker, a servant girl, found dead Aug. 2, and now they announced the belief that he also murdered Mrs. Lena Schum, who was killed in Brooklyn Aug. 29.

## QUEEN LIE TO MARRY.

San Francisco, Sept. 4.—Prince Arvid of Tahiti is in San Francisco on his way to Honolulu to marry ex-Queen Liliuokalani of Hawaii. The prince who weighs 300 pounds, is to remain here until word is received from Queen Liliuokalani. Upon his arrival he was reluctant about the approaching nuptials, but today confirmed the announcement that the queen is to be his bride.

Mrs. Louise Hill Carabajal, wife of a farmer, and seven children were drowned in a flood resulting from heavy rains in Alamo creek, Sierra county, Arizona.

## THREE MILLION IS AUGUST SURPLUS

Washington, Sept. 4.—The comparative statement of the government's receipts and expenditures shows that for the month of August, 1907, the total receipts were \$58,226,231, and the expenditures \$54,637,790, which leaves a surplus of \$3,588,441.

## TRAMP WAS SHOT BY A PHYSICIAN

Who Was on His Road to Render Assistance to Former's Victim, the Town Marshal.

Pacific, Mo., Sept. 4.—Great excitement was caused here by the shooting of Al Kopf, acting marshal, when he was attempting to arrest Charles Anderson, a tramp, and later the shooting of Anderson by Dr. A. L. McNay. Anderson and three other tramps got into a quarrel. Acting Marshal Kopf approached the tramps to stop the disorder and Anderson suddenly shot the officer and fled. Dr. McNay was hurriedly summoned to attend Kopf, who was probably mortally wounded. While driving to the spot Dr. McNay was interrupted by Anderson and ordered to give him the rig to escape in. Dr. McNay shot Anderson, who will probably die.

## BOAT DESTROYED BUT CREW ESCAPES

New Orleans, Sept. 4.—At the height of a storm on Lake Pontchartrain, the oyster patrol boat Majestic was struck by lightning and set on fire. The boat was destroyed and the crew had narrow escapes getting away in lifeboats in heavy seas. They were rescued by another vessel. The Majestic, which is an auxiliary schooner, is owned by the state of Louisiana and used to regulate the oyster industry.

## HUNDREDS DEAD AS FLOOD'S RESULT

Tokyo, Sept. 4.—The following is an official statement of the loss of life and damage caused by the recent floods: Killed, 348; injured, 1,337; buildings destroyed, 1,337; partially destroyed, 1,375; washed away, 2,188; flooded, 173,379; embankments broken, 1,570; bridges washed away, 376. Rice and other crops suffered heavily in the flooded district, but it is believed that the rice crop of the whole country will be slightly above the average.

## T. E. BURTON

Will be Tom L. Johnson's Next Opponent for Mayor

Clevelanders Believe Him a Strong Candidate

## ANNOUNCEMENT WAS MADE

In Response to Plea of the Republican Leaders and a Flood of Letters.

Cleveland, O., Sept. 4.—The statement just issued here, by Congressman Theodore E. Burton, chairman of the house committee on rivers and harbors, outlines a platform upon which he says he is willing to accept the Republican nomination for mayor of Cleveland. The nominating convention meets next Saturday, and it is expected that Mr. Burton's name will be the only one presented to the gates. Mr. Burton's statement was in response to a call from Republican leaders generally, and petitions ing thousands of signatures, asking Mr. Burton to become the public standard-bearer in opposition to Mayor Johnson.

CONGRESSMAN

will be the Democratic fourth term candidate. Mr. Burton is a prominent Republican leader and has been a member of the Cleveland City Council. He is a well-known figure in the city and has a strong following. His announcement is seen as a significant move in the upcoming mayoral election.

MRS. DANIEL SULLIVAN

tionably preparation for maternity is accomplished by Pinkham's Vegetable Compound successfully than by any other, because it gives tone to the entire feminine system and renders it perfectly

in good physical condition. Her children the blessed good constitution. Read Pinkham's Vegetable Compound for Mrs. Sullivan, 589 Flatbush, N. Y.

ing Lydia E. Pinkham's Compound is to motherhood. I am of my three months' old child, and the photo shows the state of our health. That I am so healthy and happy is due to your excellent remedy, Pinkham's Vegetable Compound. I was before baby came an easy confinement and I was in good health all the time when I was born.

Walters of Woodlawn, N. Y., to tell of the good Lydia E. Pinkham's Compound has recommended it to all expect-

sympathy with any mother who is endeavoring to bring up her children in the best possible manner. It is a great question, a great social problem, and a question of importance from a scientific standpoint. These three are so closely related that they can with difficulty be divided even for discussion.

The teacher must approach her moral teaching carefully. If one child in her class came from a drunkard's home it is a desperately serious matter to make him an object of shame in the eyes of his fellows. We must remember that, as teachers, we are dealing with people of all walks of life, and of all faiths. It is important that we should so approach children that we will not turn them away from the truth. If you are going to urge your influence against the home influence merely from the force of your will, you are making a serious blunder. You can only justify yourself in your instruction, if you approach the individual child from the side of his own personality. We can not set up an absolute standard of the thing that is to be taught. Every school method and illustration must be adapted to the case in hand.

We have here, too, a great sociological problem. Teach your children that no railroad now will accept a man who is addicted to the habit of drink. No movement is now more prominent in the public eye than the agitation to put down the evils resultant from the saloon. Southerners argue that life in the south will be sociologically impossible unless the negro can be kept from the saloon. Our children must not only be educated but surrounded by safe-guards for the strengthening of their wills. From the standpoint of sociology it is important that we make it impossible for men to go wrong.

How shall you approach children to secure their willing obedience to the highest law? The personality that is not forced, but exercises all the while a silent, potent strength, is the strongest factor—that beautiful spirit that frowns on what is wrong, but loves the wrong-doer.

How shall you approach children to secure their willing obedience to the highest law? The personality that is not forced, but exercises all the while a silent, potent strength, is the strongest factor—that beautiful spirit that frowns on what is wrong, but loves the wrong-doer.

#### TUESDAY AFTERNOON.

After a five minutes' intermission, Supt. Simkus introduced the second speaker, Mr. Van Cleve, whose brother, Capt. C. L. Van Cleve, then of Mansfield, now of Toledo, delighted Newark teachers by his successful institute work last year. It was humorously suggested that his hearers would have to learn that there is another public speaker in the Van Cleve family.

In introduction, he suggested that most of the inspiration of public speaking must come from the hearer. Attention is the first thing; you can make yourself hear, or else shut your ears and not listen at all. The value of attention lies not wholly in what you can get for yourself, but in the inspiration that you can give. The psychology of suggestion is one of the most important and least understood subjects in the teacher's experience. "Pouring cold water" on a child's effort is taking away opportunity for his future development; the child needs encouragement of a proper amount, and at opportune time, in order that he may grow.

In the inauguration of the new school year, Mr. Van Cleve dwelt strongly on the philosophy of intuitive experience. He urged that the teacher enter wholeheartedly upon her field of opportunity.

After a second intermission, Mrs. Vail, who will give three talks during the week, was introduced. Mrs. Vail is now a resident of Newark, but was formerly a principal in the public schools of Richmond, Ind., and later training supervisor of the normal work in that city. She has also been a successful institute worker. For her first subject she chose "Personality in the School Room." She urged that the modern educational tendency is to overburden the teacher's self-consciousness; that the teacher who is always thinking about how she can do the most good for her school is most apt to fail in her aim. Over-discussion of this subject is developing a teacher almost more intolerant than the old-time, arbitrary, school-room "boss."

The method of "personal appeal" in matters of discipline is over-worked. It is the most unworthy form of appeal that can be called into service, and even when it seems for the time effective, is apt to be followed by reaction. It substitutes a temporary prop for real character building.

Along with the error of personal appeal comes the no less serious error of wrongly involving the whole child in accusation of wrong doing. The real "bad boy" is a very rare being in matters of discipline the teacher must put her personal self entirely out of the question. You must make the child believe in himself.

At the conclusion of Mrs. Vail's talk, Mr. Steele made several announcements concerning his work. The exhibition in the Powers-Miller window this week is illustrative of what has been accomplished in this line during the past year.

At 3:30 the institute was adjourned until 9 o'clock on Wednesday morning.

## CONTRACTS LET FOR NEW BRIDGES

REPAIRS WILL BE MADE ON A NUMBER THROUGHOUT THE COUNTY.

Common Pleas Court and Probate Items—Real Estate Transfers and Other Court News.

At a meeting of the county commission, held for the construction of three new bridges and the repair of a number of other bridges in different parts of the county, were awarded as follows:

New steel bridge in Newark, over the canal in the Wehrle addition—Superstructure to G. W. Lane for \$292, and sub-structure to A. R. Pitzer for \$281.53.

New bridge over Log Pond run on Central avenue—Superstructure to G. W. Lane for \$382, and sub-structure to A. R. Pitzer for \$519.73.

New Hickey bridge in Washington township—Superstructure to Fred S. Cully for \$675.94.

Wallace street bridge over Log Pond run—Superstructure to G. W. Lane for \$242.

Repairs on Hobbs bridge in Washington township, to G. E. Smothers, \$134.30.

Repairs on Ramey bridge in McKean township, to G. E. Smothers, \$139.54.

Repairs on Parson's bridge in Jersey township, to G. E. Smothers, \$283.06.

Repairs on Sterritt bridge in Newton township, \$165.31.

Union township culvert to Fred S. Cully, \$291.15.

#### The Reelhorn Case.

The Reelhorn case will be taken by the grand jury this week. Thirty witnesses have been subpoenaed on the case. This is the case in which Dr. S. Ray Reelhorn, a prominent dentist of Kirtlandville, is charged with administering fatally, oil of tansy to Minnie Gunder.

#### Judge Brewer's Key Heart.

That Proated Judge Brister has a warm place in his heart for the unfortunate, has been evidenced on more than one occasion, while acting in his official capacity as the juvenile court.

Tuesday Detective Roberts of the B. & O. railroad company, came into the Probate court, leading a little, dirty, unkempt Hungarian boy, aged 8 years, who had been pulled from a B. & O. train, and who was charged with train jumping. Judge Brister used every effort to get the little fellow to talk, but to no use. The Judge then told the detective to take the boy to city prison and hold him until he was ready to talk. In a couple of hours the boy was brought into court again, and in broken English gave his name, which was unpronounceable, but would not tell how old he was, neither would he give his father's name. He said that he had three brothers and one sister, all of whom lived in this city. Judge Brister then gave the boy a lecture on the evils of train riding and told him that if he persisted in jumping off trains he would be compelled to send him to the Boys' Industrial School at Lancaster. The Judge then made the boy take a bath, after which he gave him some change and started him home. This action on the part of the Judge will have a better effect than if he had sentenced him to the Boys' Industrial School a dozen times.

#### Piereson Divorce Case.

Judge Wickham has submitted in writing his finding in the divorce case of Lewis A. Piereson against Isabella Piereson, tried last week. The plaintiff, after having his petition dismissed in the Probate court, brought the same suit in the Common Pleas court. He alleged that his wife had a abandoned him, and that she was guilty of gross neglect of duty and extreme cruelty. They had been married 20 years and have two grown children, one of whom is married. Prior to the separation they lived at Johnstown and are both of prominent families there. The court dismissed his petition and gave his opinion that the defendant stood in a better light than the plaintiff in the case; also that after people had lived together between 20 and 30 years, they should not be divorced on trivial grounds. It was also his opinion from the evidence adduced that if either party had abandoned the other the plaintiff had abandoned the defendant.

## \$25 REWARD

For any dental work we can not do without pain. Your teeth are just as important as your stomach. If they are not in a healthy condition you can not masticate your food, and if your food is not properly masticated, your stomach can not digest it. Chronic indigestion, and all its attendant nervous troubles come from bad teeth. We will restore your decayed teeth and put you on the road to health at a very reasonable cost.

Adhesive, invisible, harmless, Satin skin powder is made in 4 tints.

Fortune Ranges at Keller's.

M. Vincent McCament, undertaker, Phone 450.

### A Daughter.

Born to Mr. and Mrs. Dale Gilmore of Boner street, a nine pound daughter.

### Wanted, Boys.

Boys from the age of 14 years and up desiring employment, will call at the office of the American Bottling company.

### Private School Open.

The Misses Hannon are prepared to receive pupils for private instruction in piano, violin, languages and private school. Call at 128 Granville street.

### Twins Born.

Born to Mr. and Mrs. Charles Binkley of Amsterdam, August 30, a son and daughter. Combined weight 14 1-2 pounds.

### Hospital Meeting.

The monthly meeting of the board of managers of the City Hospital will be held Thursday afternoon at 2:30 at the building on Wyoming street.

### Productive Well.

Attorney J. C. Marriott of this city spent last Sunday and Monday with his father and mother in southern Knox county. He reports that gas wells in that section are very numerous and productive. A well has been put down within 40 rods of his father's farm which produces 6,000,000 cubic feet per day.

### Ordination Council.

Fifth street Baptist church, Rev. J. A. Bennett, 108 Granville street. An ordination service will be held to-night at 7:30 at which Dr. E. W. Rinehart will be set apart to the work of the gospel ministry. A number of ministers from abroad will take part in the service and all are invited to attend.

### Mistake in Names.

As some times happens there are several people by the same name, and the Advocate wishes to correct an impression that is wrong concerning one person. The police court news Tuesday, was the item that George Griffiths had been arrested. The man mentioned was not the well known butcher, but another person by the same name.

### Pension Day.

Wednesday was pension day and the clerks in the offices of the Probate judge and county clerk were kept busy filling out vouchers for old soldiers and widows of soldiers. Probate Judge Brister requests the Advocate to say that his office will be kept open until 7 o'clock Wednesday evening in order to accommodate the old soldiers.

### Miss Downey's New Position.

Miss Nellie Downey, for the past twenty years a popular teacher in the Newark public schools, has accepted a position in the clerical department of the Michigan Central railroad company at Toledo, and left Tuesday to commence her new duties.

## DREADFULLY DISFIGURED BY ECZEMA

Marvelously Cured

Much argument has been wasted on the question whether eczema is a skin or blood disease. It can be only dispelled by using a local application and constitutional remedy, together with a thoroughly cleansing soap. The purifying process must be both internal and external if a real cure is to be expected. The PALMER "SUCCESS" SYSTEM OF TREATMENT has many testimonials to remarkable results, of which the following is typical:

"The most hearty endorsement of the merits of the 'SKIN-SUCCESS' remedies can be of any use to one of this treatment consisting of the Ointment, Soap and Blood Purifier. I cured my face, which was dreadfully disfigured by Eczema. Have recommended these remedies to many friends similarly afflicted and it has not been a single instance failed to effect a permanent cure."—W. A. Willard, 22 Chambers St., New York City.

Half a century of making cure after when they seemed impossible. The PALMER "SUCCESS" SYSTEM OF TREATMENT in public esteem.

It thoroughly eradicates all Skin and Blood Diseases, including Scrofula, Salt Rheum, Acne, Eczema in all its forms, Pimples, Itching Complaints, Ringworm, Blackheads, Pustules, Psoriasis, Iry and Oak Poisoning, Piles, Constipation and Liver Complaints.

PALMER'S "Skin-Success" Ointment, 25c. "Blood-Success" Soap, 25c. "Blood-Success," 25c. \$1.00.

## FAMILY REUNION

Held at Home of J. P. Lynn by the  
Members of Lynn and Caughen-  
baugh Families.

The second annual reunion of the Lynn and Caughenbaugh families was held August 27, 1907, at the residence of J. P. Lynn. About seventy-five guests were present. The association was called to order by the president, J. P. Lynn. After reading the minutes of the last meeting the program for the occasion was rendered. Miss Elsie Miller rendered excellent selections and Mrs. Lizzie Chalfant gave splendid readings. A well prepared history of the families by J. P. Lynn was read.

Among those present from a distance were: John Herr and wife and little son Theodore Roosevelt of Marlton, O. This is the fifteenth child of sixteen living children. Mrs. Elmer Orr of Newark, Mr. Abbott and Mrs. Mary Caughenbaugh of Jacksonville, Miss Elizabeth Lampton, Mrs. George Bowlers and F. L. Orr and family of Brownsville, Mrs. Sophia Orr, Mrs. Nancy Caughenbaugh, James Caughenbaugh and family and Allen Cooper and wife of Glenford O.

An invitation was extended to any and all from a distance to enroll with the association. Any inquiry will be cheerfully answered by the president, J. P. Lynn, or the secretary, Miss Burdena Lynn.

## CAPT. FRANK FUHR

Something About Man Who Will  
Make Airship Flight at the  
County Fair.

The personality of Capt. Frank Fuhr, who will sail in his air ship during the county fair the first week in October, is a pleasing one. He is easy affable and distinctly approachable and has nothing of the cheap or tin-horn hero about him so often found among men who feel that an experience novel to the world is an everyday affair with them. Nothing vain-glorious—he is as easy to meet as a candidate.

Born in Columbiana county on a farm near Alliance, in 1870, he lived on the farm until 1895. Of a mechanical turn of mind, he was chosen to a position with the Deering Harvester company as a traveling salesman and continued successfully in their employ for six years. It is possible that he acquired his affable turn with them.

He resigned that to accept a high salary situation with the Coshocton Glass company though at the time of leaving his former occupation he was in the responsible job of having in charge of the Coshocton block of counties. With the Coshocton Glass company for two years he resigned to embark in business for himself and is now at the head of a thriving business in opposition to the birds of the air was simply an afterthought, born of his courage and his willingness to tackle anything to make the venture he was interested in succeed.

Mr. Fuhr, with J. R. Speck, C. L. Clemens, H. B. McDonald, Howard Bible and Prof. Wilson of Coshocton formed a company and began some experiments with air ships. They secured a machine and began experimenting in July last. Prof. Wilson was to be the "bird" but he proved too heavy for the lifting capacity of the

gas bag and the project would have fallen to the ground had it not been for the nerve, weight and devotion of Capt. Fuhr. He was the "small man" in the bunch but he proved to be the real thing. Not willing to deny the people the show they had come to see he got in the saddle himself, and possibly with some misgivings he mounted into the air.

Though Capt. Fuhr is not a meadow lark or an eagle, he is an air and flies just the same. Unless the unforeseen occurs he will be here and make a flight every day of the fair. The air ship will be here.

## FAULTY SYSTEM OF TRAIN DISPATCHING CAUSE OF WRECK

Springfield, Ill., Sept. 4.—Commissioner Willoughby and Secretary Kilpatrick of the state board of railroad and warehouse commissioners, who investigated the collision of the Charleston and Mattoon interurban road, near Charleston, reported to the commission that the accident was primarily due to the absence of a system of train dispatching on the road. The board adopted a resolution instructing Secretary Kilpatrick to notify interurban roads in the state to at once furnish the railroad and warehouse commission with the rules and regulations they have for the operating of cars and trains on their respective lines.

## Orders Repairs.

Jefferson City, Mo., Sept. 4.—The board of railroad commissioners reported on the conditions of the Iron Mountain railroad, as found upon inspection recently made. That portion of the main line between Poplar Bluff, Mo., and the Arkansas state line is reported in a bad condition and a speed limit of 20 miles an hour is ordered until that portion of the road has been repaired. The yards at Poplar Bluff are reported to be in bad condition and improvements have been ordered made.

## Holds High Railway Official.

New York, Sept. 4.—Alfred H. Smith, vice president and general manager of the New York Central railroad, must stand trial on a charge of manslaughter in the second degree, growing out of the wreck of an electric train on the Harlem railroad at Woodlawn, on Feb. 16 last, according to a decision handed down by Supreme Court Justice Giegerich.

Mrs. J. M. Moore and children of Pataskala, are spending the week at Johnstown, the guests of Mr. and Mrs. Wm. Ashbrook, Sr.

Miss Mary Ferguson has commenced her duties as principal of the Maumee High school.

Mrs. Mattie Morris of Hamilton, O., who has been visiting in Newark for some time, made Granville a short visit Tuesday.

Mrs. Ashbrook, wife of Hon. W. A. Ashbrook, who has been very low with peritonitis for the past two weeks, is very much improved at this writing and hopes are entertained that she will soon be able to be about again.

Henry Carson and little son of Franklin county, who have been visiting here and in the vicinity for the past week, have returned home.

Mr. and Mrs. A. B. Nichols, Joshua Stark, Miss Annabelle Owens, Robert Gutridge, Watty Thomas and Mr. and Mrs. M. P. Ashbrook took in the State Fair Wednesday.

## A FAULTY COMPLEXION IS UNNECESSARY

Some time between the twenty-fifth and thirtieth year of a woman's life her complexion usually undergoes a subtle change. At night, with the aid of powder and rouge, her complexion is beautiful. In the morning—well, to be charitable, it is not so good. Take the majority of women you know and view them in soft, shaded or colored half light, and they are pretty; look at them in the strong glare of the sunlight and more the difference.

Would you like to have a complexion that is beautiful and lasting—one that is equally charming in the morning or evening, ball room or boudoir, daylight or lamplight?

Obtain at your drug store Rose Water, 2 ounces; Cologne Spirits, 1 ounce; Eppotone (skin food), 4 ounces. Put the Eppotone in a pin of hot water (not boiling), and after dissolved, strain and let cool. Then add the Rose Water and Cologne Spirits. You can easily make this splendid toilet preparation at home (there is enough to last you for months and the cost is very slight.) It will not injure the most delicate skin.

## AMUSEMENTS

### VAUDEVILLE AT AUDITORIUM.

The advanced vaudeville, which is being presented by the Ideals at the Auditorium, forms a very interesting feature at all the performances this week. Last night the company presented one of their strongest bills, written by Lillian Mortimer, "No Mother to Guide Her," telling an interesting story of the pitfalls which best the path of a young woman who has no maternal hand to guide her through life. The heroine is beautiful and vivacious, and her enemies plot her destruction, but their is a happy denouement. Tonight for the first time at popular prices the sensational drama "A Man's Broken Promise," with specialties, will be presented. Look out for the wedding Friday night. The proposition made by the management is still open and any one who is seriously thinking of working in double harness is invited to investigate.

"No Mother to Guide Her," drew well at the Auditorium last night, and the Ideals are getting more firmly established in the hearts of the show going people of the city with each performance. "A Man's Broken Promise" will be the bill for tonight.

### VOGEL'S MINSTRELS.

The singing contingent which is so essential to perfect minstrelsy, forms an alluring portion of the program with John W. Vogel's Big City Minstrels, which will be the attraction at the Auditorium next Thursday, Sept. 5. An orchestra of 12 soloists, under the direction of Joseph Norton is used in connection with the dozen or more vocalists to produce the great choral symphonies in the novelty in song, "The Invisible Voice."

### ORPHIUM.

"The best vaudeville show that has been in Newark for a long time" is the verdict of the people who have seen the bill at the Orphium this week. The show is good and well worth the time and money spent in seeing it.

### CASINO.

The Casino still continues to draw the people who enjoy an outdoor house, and the company playing at the park theater is well worth a visit of the people who enjoy a good show. The theater has had a very successful season, but will close for the winter next Saturday night.

## BUFFALO BILL COMES TOMORROW WITH WILD WEST

Buffalo Bill comes to town tomorrow with his great Wild West show. From the moment the first activity begins at Buffalo Bill's Wild West and World's Rough Riders there is not a moment when excitement and admiration is not at fever heat. The dash of the Indians, arrayed exactly as in the early days when they ravaged the plains of the west and were opposed by Col. Cody and his kindred spirits, they dash into the arena with a skill, abandon and naturalness that thrills the heart. The cavalry of nations sweep down toward the audience just as they would, and as many of them have, on the actual field of battle and carnage. The military drills and pageants are marvels of precision and always excite the fullest admiration of every audience. The thrilling battle of Summit Springs is re-enacted with a realism truly wonderful, in fact every feature of this exhibition has every element of the realistic and none of the staid and affected characteristics so often seen. It is truly original, truly great.

## RINGLING BROS.

Will Control Whole Circus Business by Buying Barnum & Bailey Interests.

Chicago, Sept. 4.—It became known today that negotiations for the purchase of the Barnum & Bailey show interests which have been under way for several days, and that Ringling Brothers will control practically the whole circus business of the United States after the close of the present season which is only six weeks away. With the purchase of the shows under the name of the original circus man, P. T. Barnum, goes the ownership of Buffalo Bill's Wild West show, which appears in Newark Thursday. Ringling Brothers already control Adam Forepaugh's and Sells Brothers' shows. Plans for next season call for an invasion of Europe.

## WITH CORN CUTTER CLAY GAVE CHASE

AND MRS. THERESA LAVIN SAYS  
THAT THE MOLDER ATTEMPTED  
TO KILL HER.

He Was Bound Over by Mayor McCleery to the Grand Jury—Other  
Details of the Case.

A boarding house at the extreme north end of Fourth street, was the stage for the enactment of a little tragic comedy, according to Mrs. Theresa Lavin, one of the leading characters in the play, and the owner of the boarding house in question. Charles Clay, a molder, claiming Birmingham, Ala., as his home, took the heavy part while Carvin McConnell was the hero in the cast.

Clay, according to the warrant sworn to by Mrs. Lavin, got drunk, then disorderly and broke up lamps, gas jets, hinges on doors, and then capped the climax by chasing her around the house, up stairs and down with a big corn cutter in his hand, and closed the scene by tearing her clothes off, and chasing her to some tall weeds, where she hid.

Hard words were used by both principals according to testimony, and not until the arrival of the patrol did the curtain come down on the first act. The property of the play was carried by Clay and consisted of a three foot corn cutter, a hand made dagger, about eight inches long, in a nice leather sheath, and a revolver of 32 caliber. Mrs. Lavin said Clay had threatened to kill her before, and now she wants him sent to the penitentiary. She signed the affidavit charging him with assault with intent to kill, and he was bound over to the grand jury under \$500 bond.

Later in the day the second act of the play was produced when the prosecuting witness appeared before the mayor and withdrew her original affidavit charging him with assault with intent to kill, and substituted the charge of assault with menacing threats. He was given a fine of \$25 and 30 days in the city prison by the mayor.

Joe Welsh of Zanesville, giving his occupation as a chain maker, was nabbed by Detective Bennett of the B. & O. last night while riding without paying his two cents per mile. Joe didn't have five and costs, so he went to the stone pile.

Harper Morgan, also from Zanesville, was a worker at the same trade and said they had been working in Mansfield and were trying to get home. Mayor McCleery thought if they had been working they should not try to beat a corporation like the B. & O. in such a soulless manner, so he drew the same prize from the mayor.

Louis Connelly and Charlie McCabe, hailing from the "Smoky City," were trying to reach the dark and bloody ground of Kentucky when they fell afoul of Mr. Bennett. They, too, drew the nine dollars or the hard rock pile.

Mrs. Mary Martin, aged 50 years, gets drunk and enjoys herself, and frequently has been handed the prize by the mayor. She bobbed up smiling this morning after a night in Turnkey Swank's hotel, where she was placed by Officer Brown for being drunk. Five and costs.

## MARVELOUS INVENTION CURES WEAK MEN

Patent Granted by the United States Government.

A new and scientific appliance invented by L. B. Hawley, M.D., will produce full manly power at first application. The effects are immediate and startling to a high degree. Develops, strengthens and cures lost vigor. Positively no failures. Physicians endorse and use it in their practice. If you are the least skeptical as to the value of this remarkable treatment, send for illustrated circulars, take them to your family physician and get his opinion. This is the first time any one has requested you to take his circulars to your family physician. Why? Simply because he knows your physician will not recommend his treatment. Not so with this appliance. Your doctor will immediately grasp the idea, and when he does, he will recommend it. Nothing like it has ever been sold before. It works the same on every individual. Send to-day for free descriptive circular of this wonderful instrument. The moment you see it you will realize its possibilities. No C. O. D. or free trial schemes to catch the unwary. This is a plain business proposition that will appeal to you as the greatest opportunity ever offered to those who are weak. Address L. B. Hawley, M.D., 1291 Granite Building, Rochester, N. Y.

## LICKING COUNTY W. C. T. U. MEETING AT GRANVILLE

The Licking County Woman's Christian Temperance Union held its 49th annual convention in the Baptist church of Granville. Under the leadership of Mrs. Lucy E. Vankirk, county president, assisted by Miss Frances H. Ensign, with Mrs. Effie Berthoff as musical director, the entire session was animated and instructive. The program was carried out with no omissions and much wit and wisdom thrown in.

There was a larger delegation than ever before and an encouraging increase in membership all over the county. Licking will have its five hundred members and send its own national delegate to Nashville this fall. The reports of local presidents and department superintendents were fuller and better than usual. More literature, more hand-books, Messengers, Crusader Monthlies, than any previous year. And Licking can well be proud of the progress made in temperance work.

The same officers were re-elected: President, Mrs. Lucy Vankirk, Cor. Secy., Mrs. Comstock, Rec. Sec., Mrs. Clara Condit, Treasurer, Mrs. Emerson, Vice pres., Mrs. Sison.

Ministers were in attendance from Newark, Granville, and Jersey. Dr. Baldwin welcomed the convention in behalf of the churches, and hoped that the organization would never see the time when every one spoke well of it. It was contrary to scripture to always receive commendation. The mayor also was present and in a few well-chosen words made us welcome. Mrs. Howe represented the Granville union, and heartily welcomed the women into the hearts and homes of the people of Granville. Mrs. Sison was asked to respond and also surprised was glad that all the ribboners are minute women, ready to serve our Master at all times and places. So glad for all the kind words of welcome, for the workers, for the white ribbon and its significance.

## MOLDERS AT AKRON TODAY

GET BUSY WITH YOUR PENCIL, AND FIGURE OUT A LITTLE DOPE.

On Form, Manager Bob's Fast Aggregation Should Land the Rag for Newark.

Clubs.	Won.	Lost.	Pct.
Newark	43	630	
Youngstown	67	45	598
Akron	67	45	598
Lancaster	57	55	509
New Castle	55	59	482
Mansfield	49	67	423
Sharon	44	72	379
Marion	42	70	375

**YESTERDAY'S RESULTS.**  
New Castle 4, Sharon 1 (twelve innings).  
Akron 6, Lancaster 3.

**TODAY'S GAMES.**  
Newark at Akron.  
Lancaster at Youngstown.  
Marion at Sharon.  
Mansfield at New Castle.

**TOMORROW'S GAMES.**  
Newark at Akron.  
Lancaster at Youngstown.  
Marion at Sharon.  
Mansfield at New Castle.

Manager Bob Berryhill and his boys shook the dust of Richland county of their feet Monday evening and left for Akron, where they witnessed the game yesterday afternoon between the Rubber Necks and Lanks, the latter being defeated by a score of 6 to 3. The victory for Akron ties Youngstown for second position, and both clubs are thirty-two points behind leaders. Newark has won six more games than the Champs and Rubber Necks and they have each lost two more than the locals.

The Molders have 24 more games to play, 8 at home and 16 abroad. Youngstown has 28 more to play, 15 at home and 13 abroad. Akron has also 28 more scheduled games, 12 at home and 16 on foreign territory. If Newark can win six out of the eight at home and win six out of the sixteen abroad, they will finish with a percentage of .607. If Youngstown wins 12 out of the 15 at home, which is hardly probable, and wins five abroad, they will finish with a percentage of .600. If the fast team from Akron wins 10 out of the 12 from home and wins 7 and loses 9 abroad, they will finish with a percentage of .600.

It will readily be seen from the above dope that we have given the foreign teams the best of the argument, and, even at that, should beat them out. Indeed, sport writers over the O. and P. circuit concede that the present leaders will easily land the pennant and that it will be found next year proudly floating to the breeze at Wehrle park. Well, you cannot always tell, and there is sometimes a great deal of truth in the old adage, "There's many a slip 'twixt the cup and the lip, but here's hoping, anyhow."

**Akron 6, Lancaster 3.**  
Akron, Ohio, Sept. 4.—Akron knocked White from the box and hit Justus freely yesterday afternoon in a postponed game played off here, winning without much trouble. It was a listless affair. In the absence of Bannan, Ebbman and Scanlon had a troublesome time umpiring. Score: L . . . 1 0 0 2 0 0 0—3 11 2  
A . . . 1 0 2 0 2 0 . . . 6 8 3  
Batteries—Breckenridge and Lalonge; Justus, White and Piper. Umpires—Ebbman and Scanlon.

**New Castle 4, Sharon 1.**  
Sharon, Pa., Sept. 4.—New Castle defeated Sharon yesterday by bunting four hits, including a don-

ble, in the twelfth inning. Up to that time the visitors had made only four hits from Twitchell's delivery. Kennedy was hit for seven safeties in the first three innings, but settled down and allowed only one bingle in the remaining nine rounds. Both teams played fast snappy ball and the work of Sellers, Davis, Clever and Greene featured the contest. Score:

**COLLINS OUT OF GAME FOR BALANCE OF SEASON.**  
Philadelphia, Sept. 4.—The Athletics' pennant chances received a setback when Jimmie Collins, who has done much to hold the team up in the race, sustained a sprained ankle sliding to second base in the second game with Washington. The spectators did not think Collins was very badly injured until his teammates had to come to his assistance and lift him up.

Yesterday it was discovered that the injury is of such a character that it will keep the great third baseman out of the game for the rest of the season. There is no doubt that this will cripple the infield badly, as Collins has been playing his old time game at the third sack. In fact this was one of his best years in baseball.

Monte Cross, the good old standard, will do the best he can in the absence of Collins.

## AS OTHERS SEE US OVER THE CIRCUIT

Newark is badly crippled by the loss of Al Schweitzer. Al broke his collar bone sliding into third at Lancaster Sunday and will be out of the game the remainder of the season. Schweitzer has been a mighty factor on the Molder team. His hitting has been wonderful, his fielding fine and his throwing marvelous. Cap Starr declared after a brush with the Molders on their home lot that with Schweitzer out of it, Champs would find Berryhill's band easy. "When he don't hit in the winning run he keeps us from scoring by a great catch or a throw to the plate," said Starr.

Newark knows now what is to lose a star player. They said in Middletown, when the Champs' loss of McAleese and Compton was recounted that they were making excuses in Champtown. It's different when the lightning strikes home.

It surely looks better for the Champs now than it did three days ago. It took a mighty strong hearted fan to say they still had a chance after the Akron invasion last week. There was a chance for them then, a mighty slim chance. Now, with Newark coming up state, there is a fighting chance.—Youngstown Telegram.

Schweitzer Newark's star outfielder, drafted by St. Louis of the American league, was not in the game yesterday, being compelled to watch the double defeat from the grand stand. Al unfortunately broke his collar bone in the game with Lancaster Sunday, while coasting into a sack. Dowling went to the middle garden and played a sensational game, although his hitting cannot be compared with that of the man with the cheese name.

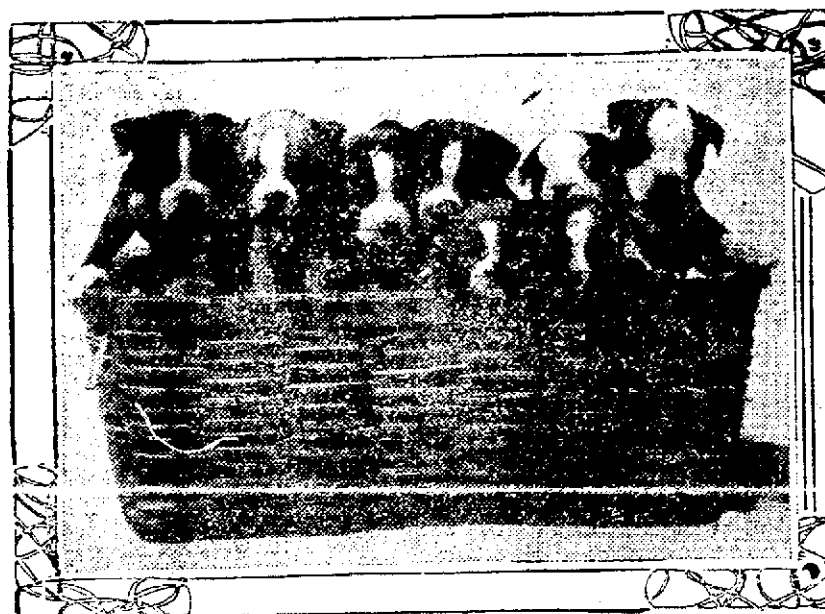

The National Commission, at its meeting, approved of the many drafts and purchases made by the American and National leagues.

The O. and P. was not hit so hard as many expected, and several players who were thought to be sure for the big leagues were not taken out in the net, while several others, who were not considered quite ripe enough, were picked up by the big ones.

Daubert of Marion, purchased by Cleveland, was approved, while the drafts of Speas by Cleveland, Starr of Youngstown and Lalonge of Akron by Washington, Schweitzer of Newark by St. Louis, and Breen of Youngstown by Cleveland, were all voted as all right.

While the above players taken from the O. and P. are considered among the pick of the league, there are several others who looked good for the draft, namely, Drake of Mansfield, Pearce and Asher of New-

Bill Dannon says Newark will win the pennant, with Akron a favorite for second place. Akron's pitchers are in bad shape, he says.—New Castle Herald.

Rumor has had it for some time that Clarke Griffith would not be managing the New York Americans next year, but would be let out by Farrell. When Griff and Farrell got together recently, everything was settled nicely and it was announced that Griff would be at the rudder for another year, at least.

At Evansville last Wednesday the Wheeling players threatened to mutiny unless Manager Price took them to the St. George hotel, which they all preferred to the one at which they were stopping. As six of them will go to the major leagues next season, they felt that they could afford to be independent.

Thirteen Southern League players will graduate into the big leagues this fall. "Tex" Lattimore of the Toledo Mud Hens, will probably be with the New York Americans next season. Rudolph Schwench, a Columbia South Atlantic league pitcher, was recently fined \$50 for assaulting Umpire Coffman.

Doc Reising of Williamsport, has a record to be proud of, thus far this season, having accepted 131 out of 132 chances.

"Old Man" Bob Berryhill, a member of the Hartford City baseball team the past season, is doing well this season. Bob has been managing the Newark team of the Ohio-Pennsylvania league. He is now scouting through Indiana looking for material for the team. He recently sold Catcher, Pearce to Cincinnati. Pearce is hitting at a .325 clip.—Hartford City (Ind.) News.

Pitcher "Button" Briggs, an Elvira, Ohio, boy, has been sold by Indianapolis to the Nashville Southern league team. Looks as if more men will graduate from the Tri-State league into the majors than any other minor organization in the country.

Manager Wolverton of the Williamsport Tri-State champions, has sold nine men to the big leagues this season. Going some, eh?

For the third successive year the Cleveland Americans will give Scottie Ingerton, infielder, a tryout next season. He formerly played in Zanesville, but is now playing with

bill for Vermillion against Wake-man at Vermillion Monday. Only four hits and one run were made off her in the five rounds.

Albany, of the New York State league.

John I. Taylor of the Boston Americans, is scattering a great deal of Gen. Taylor's bank account through-out the country in an effort to corral a team of first class ball players.

Harry Hinchman, whom Cleveland secured from Binghamton, N. Y., when Lajoie was crippled some time ago, will probably be sent to Toledo for seasoning, as the Naps will get several first class players from the Mud Hens next season.

A good minor league manager—one that is good for a few more years of pennant chasing—is running around loose in the person of Ferd Drumm, former Canton, Zanesville and Marion leader. Somebody grab him, quick.—Pittsburg Dispatch.

This is the season of the year that the minor league managers who have real star players and don't need the money are covering them up to hold for next season, while managers with a bunch of lemons on tap are boosting them to the skies, digging up wonderful pedigrees and trying to sell them to the major leagues in order to brighten up the exchequer.

Managers Stettler and Fleming of the Steubenville and East Liverpool teams, respectively, of the P. O. M. league, count on picking up a little easy money, and, incidentally, some glory, by taking barnstorming trips (Continued on page 7, 2d col.)

## S.S.S. CURES ECZEMA

The cause of Eczema is a too acid condition of the blood. The itching, burning eruptions are caused by the overflowing through the pores and glands of the skin, of the fiery poisons with which the circulation is loaded. This acid matter coming in contact with the delicate tissues and fibres with which the skin is so abundantly supplied causes irritation and inflammation and often excessive discomfort and annoyance. While external applications, such as salves, washes, lotions, etc., are soothing and cleansing they are in no wise curative, because they do not reach the blood where the trouble is located. You can never cure Eczema with outside treatment; the blood must be purified. S. S. S. is the best treatment for the disease. It goes down into the circulation, neutralizes the acids and humors with which the blood is infected, and makes the blood-current fresh and healthy. Then instead of fiery, acid matter oozing out through the pores and glands, irritating the cuticle, the skin is nourished by a rich, cooling, healthy stream of blood. S. S. S. removes every trace of the disease, and when the cure is complete the skin is left smooth and free from any eruption. Book on Skin Diseases and any medical advice furnished free of charge to all who write.

## BILLIARD EXPERTS EXPERIMENT AGAIN WITH THE ROUND TABLE

OVAL BILLIARD TABLE

More experiments have been made with the round billiard table in England, and it is said that some interesting results have been noted.

There is a variety of shots to be made which are impossible on the old form of table, and there are some deflections of the ball from the cushions and some queer turns which it makes that fool the more

expert players who are particularly strong in position play.

So far as nursing the balls in the open is concerned, it is just as easy to do it on the round table as it is on the rectangular bed. When it comes to nursing them from the cushions there are some shots possible which would be made in a different manner on the old style of table.

Unfortunately the latest round table is also provided with pockets, and this to some extent prevents a good line being had on all kinds of billiard shots as they would be played on the rectangular table. If somebody would devise a good round table with no openings in the cushions for pockets, perhaps there would be more of a game possible.

## BOARD INCREASED THE SALARIES OF TRUANT OFFICER JONES AND SEVERAL OF THE OLD TEACHERS

At a Meeting Held Tuesday Evening--Superintendent Simkins Named Contingent Teachers--Leaves of Absence Granted Miss Avery and Miss Vance--Teachers Resigned.

The Board of Education was in a liberal mood Tuesday evening and nearly every request that was made, was cheerfully granted by the members. These requests were for increases in salaries, leaves of absence, additional equipment for the manual training department, changes in textbooks and others.

The members present who answered roll call were Messrs. Beggs, Keller, Keckley, Christian, Fulton, Haight. Clerk Keller's report, which is appended, shows the condition of the several funds to be very satisfactory, with the exception of that of the contingent fund, which shows a deficiency of \$6,938.99. There will be paid into this fund from the December tax collection some \$1,500 over \$8,000, and it is thought that with care and rigid economy this deficit will be greatly reduced if not wiped out.

A maximum sum of \$150 was placed at the disposal of Mr. W. E. Painter, head of the manual training department, to be used in his discretion for the betterment of the work which he has already brought to a high state of efficiency.

The board decided to call attention of the high school janitor to the unsatisfactory manner in which he has been keeping that building, and demand that an improvement in conditions there be made immediately apparent.

Miss Margaret Wallace was virtually elected librarian for the ensuing

year, and this election will probably be formally made at the next meeting. Hers was the only name considered and all members present favored her selection. Principal Williams, who was present, stated that the library room would have to be used a good part of each day for recitations, during which time other duties of a clerical nature would fall to the province of the librarian. In order to define these duties and adjust a salary commensurate with the additional work, the matter was deferred, but Miss Wallace will in all probability be selected.

The resignation of Miss Mae Roessel and Miss Bess G. Rhoads were read and accepted as teachers in the public schools.

Miss Nellie Downey presented a certificate of health from a physician of the city.

Miss Nancy Vance was granted a leave of absence for one month. She is now in the west and a contingent is now teaching in her place, the first grade Central building.

Mr. McKay of the Hydraulic Press Brick Company of Cleveland explained that the car load of brick, which was rejected by the board, had been lost on the road, and in shifting around different yards many were chipped. He offered to sort the bricks and give the board the damaged brick for the same price as was being paid for "backing up" brick.

Miss Henrietta Braunhold, a teacher in the South Third street school, was

granted a leave of absence for one year on account of ill health, as was also Miss Eleanor Avery a librarian. Miss Margaret Wallace applied for the position as librarian in place of Miss Eleanor Avery. The matter was deferred until her duties and salary can be fixed.

Mr. U. G. Sanger, teacher of physics in the high school, received an increase in salary from \$1,100 to \$1,200. He had been offered a position paying this amount in the Dayton schools.

A motion was made to increase the salaries of Misses Wotring, Allen and Moore, teachers in the high school, to \$800 was carried.

Truant Officer D. J. Jones was granted an increase of \$10 per month and will receive next year \$75 per month.

Supt. Simkins appointed Miss Floy Faulkner of Bloomington, Ind., a teacher in the high school. The appointment was confirmed, all voting aye except Mr. Haight. Her salary was fixed at \$760 per annum.

Misses Lettie Wildman, Mabelle Mitchell, Ethel Wood, Romona Welch, and Nellie Mead were nominated as contingent teachers by Superintendent Simkins, and they were confirmed.

Scott & Denny's Composition and Literature was adopted as text book in the second and third years in English in the high school.

Supt. Simkins reported that Miss Allen wanted the board to adopt Allen & Greenough's "Cicero's Orations and Letters." The board decided to adopt the book.

Supt. Simkins stated that one typewriter and nine typewriter stands, nine chairs, and 50 reams of typewriter paper were needed. The matter was referred to the supply committee with power to purchase.

Mr. Painter was authorized to purchase material for the construction of a lumber rack, 200 feet of lumber being required. This rack is to be built in the manual training department.

Supt. Simkins nominated Miss Bertha Julian of Circleville as teacher in the first grade. The appointment was confirmed.

## WILLIAM J. BRYAN MADE AN ADDRESS AT CINCINNATI, O.

SAYS HE HAS NOT YET DECIDED THAT HE WILL BECOME A CANDIDATE.

Governor Harris Will Go to Jamestown in Special Train--Ohio News Briefs.

Cincinnati, O., Sept. 4.—At a banquet given here by the members of the Cincinnati Traveling Men's club, William J. Bryan was guest of honor. Covers for 800 guests were laid. After the dinner Colonel Bryan talked on general subjects. In an interview Mr. Bryan stated that Congressman Harvey Garber of Ohio spoke without authority when he said that he (Bryan) would again be a candidate for the presidency, as he has not decided that he will be a candidate for another nomination. Mr. Bryan added he was busy preparing a reply to Mr. Taft's Oklahoma speech.

"What do you think of Roosevelt and his political policies?" was asked. "The president has advocated some reforms, but not enough, and congress has not gone as far as he has. For instance, the president advocated railroad regulation, and congress has not gone as far as he desired. He advocated the income tax, inheritance tax and arbitration of labor difficulties, and congress has not done anything at all on these subjects. The president has not advocated the election of senators by the people and has not advocated tariff reform, both of which he ought to do. He has advocated national corporation of the railroads and other large corporations, ship subsidies and asset currency, which I think are wrong. Secretary Taft does not go as far as President Roosevelt on the railroad question, arbitration, income tax and inheritance tax, and advises a backward step on the trust question."

Emergency Board's Action.

Columbus, O., Sept. 4.—The state emergency board allowed \$604 to defray the cost of decorating the statehouse for the home-coming week. Other allowances are as follows: To the state printer for printing, \$15,000; for building, \$500; to the Massillon state hospital for rebuilding furnaces, \$4,000; to the Dayton state hospital for repairs, \$3,000; to the state board of public works to repair damage of the bank of the Hocking canal at Logan, \$1,168.50; to the department of soldiers' claims for clerk hire, \$300.

Reform Insurance Code.

Columbus, O., Sept. 4.—Representative Earl Stewart of Springfield, chairman of the special committee of the general assembly appointed to devise a reform insurance code, announced that the committee would conduct a three-days' session, beginning Sept. 24, for the benefit of all those wishing to be heard on the subject of new insurance legislation. Ohio insurance laws have not been changed a particle since the revelations made in New York two years ago.

P. O. S. of A. Elect.

Columbus, O., Sept. 4.—Fifty delegates attended the annual state camp of the Patriotic Order Sons of America. All sections of the state were represented. The following officers were elected: President, E. H. Lehman, Haydenville; vice president, L. E. Wolf, Springfield; master-at-arms, E. R. Stevens, Dayton; secretary, G. W. Newman, Columbus; treasurer, E. E. Day, Columbus; conductor, Carl Meyers, Dayton; inspector, F. M. Layton, Summit.

Both Cut to Pieces.

Mansfield, O., Sept. 4.—Harry M. Lester of Alliance and William L. Baker of Lawrence were instantly killed by an eastbound freight train in the Pennsylvania yards. A freight wreck had tied up the westbound track, and they sat down on the eastbound track until it was cleared and they could proceed on their way. They went to sleep and another freight train came along and cut their bodies in two.

Feet Off, but Escaped.

Akron, O., Sept. 4.—Milford McMillen, in the city hospital with one foot and part of another off, and under \$1,000 bond for grand larceny, escaped and has not been found. He is supposed to have been driven away by a friend in a buggy, as he left his crutches behind. He lost his feet by jumping from a train at Barborton to escape from an officer when being brought from Chicago.

Body Found by Father.

Gloucester, O., Sept. 4.—William Welser, 23, was killed upon the Ohio Central track near his home in Urhancress. No one was with him at the time, but it is supposed that he had been riding a train and in attempting to get off had been thrown under the wheels. His dead body, badly mangled, was found by his father.

Long-Distance Home-Come.

Columbus, O., Sept. 4.—Up to date the laurels for the long distance home-coming seem to be dropping to Lieutenant Charles Compton of the Philippine Islands, who registered at the Coshoccon county register and is to become the Coshoccon county contest-
